PROFILE

I've been working for many years in construction but recently chose to go to school for computer programming because it is a passion of mine. In my free time I tinker with 3D game development which eventually progressed to competing in game jams. Because of my previous experience music and art, I participate as an audio engineer and if the necessary I will fit myself as a 3D modeler to try and meet the scope of the project.

SKILLS

- ◦ JAVA
- ◦ HTML5, CSS, JAVASCRIP, JQUERY
- ◦ WINDOWS OS MANAGMENT
- ◦ STRONG COMPUTER HARDWARE KNOWLEDGE
- ◦ MICROSOFT ACCESS AND EXCEL EXPERIENCE

EXPERIENCE

Game Development

2019-current

I participate in game jams collaborating with programmers and artists around the world using GitHub and Unity.
- Audio Engineering (Sound Effects, Music)
- 3D modeling (Blender
- Programming C# using Visual studio
- Collaborate on game dev document to meet unified direction in design

Broda Group
Laborer/Heavy equipment operator

2013-2019

 My Forman trusted me to take given tasks and find solutions required to complete them.
- Led groups to accomplish tasks
- Participated in meeting to brainstorm solutions
- Operated autonomously to complete projects

EDUCATION

Saskatchewan Polytechnic

2019-2020

Computer Systems Technologies
- HTML/CSS/JavaScript/jQuery
- Java
- Access
- Hardware

St Mary High School

2008-2011
